

CEO RELAY RACE

A Virtual Career Forum

Career Exploration Opportunities (CEO) is the After-School All-Stars workforce readiness program that connects youth with leaders from all sectors to help them learn practical skills and motivate them to create ambitious career goals.

1.

**Students and Volunteers
are invited to a
Zoom Hangout**

2.

**Staff will assign Students and
Volunteers into breakout rooms**

3.

**After some time, Staff will reassign
Volunteers to new breakout rooms**

The CEO Relay Race is a fast-paced career discussion that enables professionals to share their college, career, and life path with kids. A short talk followed by a Q&A session gives kids the opportunity to engage with diverse role models from many different professions who will provide valuable insight into what it takes to be successful.

Volunteers should be prepared to share their life path, starting in middle school or high school, inclusive of all the twists and turns they took in their journey to success. Bonus if they can integrate a challenge they overcame!

To sign up, please email ntxvolunteer@afterschoolallstars.org.
