

Position: Program Manager
Organization: After-School All-Stars
Reports to: Director of Program & Impact
Location: Newark, New Jersey (on-site)

Organization Background:

Founded in 1992, After-School All-Stars is a national non-profit organization which provides free, daily afterschool programs to over 90,000 children in need on over 400 school sites in 19 chapters across the U.S. Our goals for our All Stars are the same we have for our own children: to be healthy and active, to graduate high school and go on to college, to find a job that they love and to give back to their communities. We achieve this by identifying and fueling our students' individual passions, tying their interests to tailored academic support, enrichment and health and fitness programming. After-School All-Stars gives our students a safe-haven during the hours of 3pm-6pm—the time of day when youth violence, drug use and other delinquent behaviors are most likely to occur. By creating caring youth adult relationships and incorporating service learning into all that we do, we help our All-Stars gain the confidence, skills, and role models they need to become leaders in their community.
